ABOUT

I am Abdullah, a skilled PHP Laravel Developer with 2+ years of experience building live, high-performance web applications. I have delivered projects using Laravel Blade and Next.js frontends with Laravel APIs, demonstrating expertise in RESTful API development, database design, authentication, and cloud deployment via CloudPanel. Proficient in OOP, MVC architecture, Git, and performance optimization, I excel at turning complex requirements into secure, scalable, and user-friendly solutions. Passionate about modern best practices, I consistently build applications that are efficient, reliable, and impactful.
